Hurricane  
Devastates  
Isle of Kauai

By ROBERT TUCKMAN

**HONOLULU (AP)** — A howling hurricane turned the enchanted movie island of Kauai into a mass of devastation today.

It blew down houses unroofed others, knocked out communications and power, flooded some sections left roads impassable, cut water supply to some communities.

The rare mid-Pacific storm, known as Hurricane Dot, swirled up on Kauai from the south hit it with 75 miles-an-hour winds and torrential rain and moved north out to the open sea where it began to disintegrate.

Damage could run into millions. Officials, hampered by knocked-out communications, waited for daylight for a full assessment of the havoc especially to the sugar and pineapple plantations.

The hurricane first struck Kauai head on Thursday night after dealing the rest of the islands of the Hawaiian chain only glancing blows in the previous two days.

By early today the Weather Bureau said, "The worst is definitely over."

The island is the northernmost of the Hawaiian archipelago and the locale of the movies "South Pacific," "Beachhead," "Pagan Love Song" and others.

It was the only island to feel the full force of Hurricane Dot much the same as it bore the brunt of the last hurricane to hit Hawaii early in December 1957.

It has 28,000 inhabitants. Defense officials attributed the lack of casualties to advance notice and preparation.

Some Sections Get  
Relief From Heat

By THE ASSOCIATED PRESS

Sections of the Midwest got relief from a spell of hot and humid weather today but it continued muggy in wide areas in the eastern half of the country.

Cool and dry air from Canada spread eastward from the Dakotas into Iowa, Minnesota and western sections of Wisconsin and Illinois. It was expected to continue eastward and southward during today across the upper Great Lakes region, Indiana, and the mid-Mississippi Valley.

Skies were clear in the cooler air, and temperatures in the 50s and 60s were 10 to 15 degrees lower than 24 hours earlier.

The warm-humid belt extended from Texas across the lower Mississippi Valley and south of the Ohio River across the Gulf States into the mid and south Atlantic coastal states.

West of the Rockies the pattern of clear skies were broken only by a few isolated thunderstorms in Arizona, southern Utah and western New Mexico. It was a little warmer from Washington eastward to Montana.

Explorer IV Put  
Into Space by  
Thor Rocket

**WASHINGTON (AP)** — Explorer VI satellite is in orbit and will remain aloft for more than a year, the Space Administration announced this afternoon.

By HOWARD BENEDICT  
**CAPE CANAVERAL, Fla. (AP)** — A Thor-Able rocket blazed aloft today carrying a 142-pound "paddlewheel" satellite that could open a new era of more advanced space research vehicles.

The satellite, to be called Explorer VI if it orbits, contained a flying laboratory to investigate many mysteries of space.

The three-stage rocket was aimed at a highly elliptical orbit that would take it as far as 23,000 miles into space and as close as 160 miles to the earth.

Because of this eccentric course, taken National Aeronautics and Space Administration said it will be hours before it can be determined whether the satellite achieved orbit. The announcement will be made in Washington.

Fifteen major experiment devices were crammed into the spheroid-shaped satellite which is 26 inches in diameter and 29 inches long. Its main mission was to study the radiation belts that surround the earth. Knowledge of this potentially deadly radiation is a key to manned space travel.

The satellite was called a paddlewheel because of four solar panels designed to pop out from its sides.

These paddles were designed to convert the sun's rays into electrical energy to power radio transmitter batteries. If successful, future deep space probes rockets will employ this device to send information back from millions of miles in space.

Conserve Polio  
Shots, Doctors  
Are Advised

**FORT SMITH, Ark. (AP)** — The polio committee of the Arkansas Medical Society yesterday advised the state's physicians to conserve supplies of polio vaccine for persons who have had no shots.

A letter to physicians, over the signature of Committee Chairman Dr. Hugo H. Fort Smith, said the supply of polio vaccine was inadequate to provide fourth booster shots for persons already immunized.

The letter took note of urgings by National Foundation officials for all persons to get a polio shot, even if they had had one as recently as a month ago.

"We cannot subscribe to this advice," Bost's letter said. Bost also indicated that members of the medical society disagreed with some authorities who have said Arkansas was a polio epidemic area.

The letter, mailed Wednesday, was released to the press late last night. "We wanted doctors to see the letter before they read about it in the press," said Bost.

Arkansas has had 104 polio cases this year, compared to only eight at this time last year. Health officials are in disagreement as to whether there is an epidemic.

Dr. A. M. Washburn of the state Health Department said yesterday he felt polio outbreak was past its peak. No new cases have been reported in the past two days.

Wants Red Premier  
to Ride on A-Sub

**WASHINGTON (AP)** — Sen. Albert Gore (D-Tenn.) today proposed that President Eisenhower invite Soviet Premier Nikita Khrushchev to take a cruise on the atomic submarine Nautilus during his U.S. visit.

The senator, a member of the Atomic Energy and Foreign Relations committees, told a reporter the submarine would be a demonstration of American technology at its finest.

Ike Requests Bill  
To Curb Labor  
Racketeering

By B. L. LIVINGSTONE

**WASHINGTON (AP)** — Criticizing Congress' actions on a labor bill this far President Eisenhower called Thursday night for a new law strong enough to end racketeering in labor-management relations.

Speaking out as the House headed toward a bitter battle over the issue next week, Eisenhower addressed a nationwide radio television.

"I am talking about a reform law—a law to protect the American people from the gangsters, racketeers and other corrupt elements that have invaded the labor-management field," he declared.

A bill the Senate passed last April "is not effective," Eisenhower said, and a revised bill prepared by the House Labor Committee is even less so.

He put his prestige behind a substitute sponsored by Reps. Phil M. Landrum (D-Ga.) and Robert P. Griffin (R-Mich.) and said that bill offered "a good start toward a real labor reform law."

A few hours later AFL-CIO President George Meany said in a radio broadcast that the bill Eisenhower backed is a "blunderbuss that would inflict grievous harm on all unions," whether they are corrupt or clean.

Most labor unions are opposing even the bills Eisenhower described as ineffective and are backing still another bill which Meany said is aimed at "getting rid of crooks, instead of getting rid of unions." It is sponsored by Sen. John F. Shelley (D-Calif.).

Reaction ran the full scale between Eisenhower's and Meany's views. In between were many supporters of the Senate-passed bill who contend that unless the House passes something along the line, a Senate-House disagreement will kill all such legislation. The Senate bill was sponsored by Sens. John F. Kennedy (D-Mass.) and Sam J. Ervin Jr. (D-N.C.).

Labor's spokesmen called the President's stand anti-union. They said he had been taken in by catch phrases. Republicans hailed his demand for "truly effective" legislation as a reflection of public opinion. Democrats demanded equal air time to reply to Eisenhower's arguments.

Blast Wrecks  
Oregon City,  
10 Known Dead

**ROSEBURG, Ore. (AP)** — A truck loaded with 6½ tons of explosives blew up with shattering force here early today. At least eight persons were killed.

There were reports the toll had reached 10.

The blast shattered buildings and spread a raging fire over the downtown area of the city of 12,200.

Hospitals held 52 persons, at least three of them critically hurt. Physicians and blood plasma were flown from nearby Grants Pass.

The blast and fire virtually leveled six blocks of warehouses, small businesses and residences.

Debris was spread through another six blocks, including the heart of the business district.

The fire was controlled some four hours after the blast came at 1:20 a.m.

There was a crater 50 feet wide and 20 feet deep where the truck, from Pacific Powder Co., Tenino, Wash., had stood.

The truck blew up moments after the fire had sounded the alarm for a blaze at the Gerretsen Building Supply Co. building, beside which the driver had parked it while he got a cup of coffee.

The driver, George F. Stanford, Chehalis, Wash., said he was walking back to it and was knocked down by the blast. He was hospitalized with injuries believed not critical.

At the height of the fire the six-story Umpqua Hotel's 65 guests and employees were evacuated.

The manager, Dick Smith, said that at his home, two miles away, windows were blown out.

First of the dead identified was Asst. Fire Chief Roy McFarland. As the flames spread they caught a building beside which a railroad tank car of propane gas was parked. After early fears that it might explode firemen said they had it cooled down and danger was averted.

Roseburg, 185 miles south of Portland, is at the heart of the Douglas fir lumber industry. Lumber and building supplies occupied several buildings in the stricken area.

The National Guard was called out to prevent looting.

Surveys of damage showed serious losses distant from the blast. Jewelry store display windows three blocks from the blast, were thrown into the street. Bank doors were blown in.

Barnett, Gartin  
Into Runoff

**JACKSON, Miss. (AP)** — Ross Barnett and L. Gov. Carroll Gartin started squaring off for a run-way in the top of the Democratic off fight today after battling their first primary governor's race Tuesday.

But the leader was still in doubt with a handful of precincts carrying an estimated 20,000 votes unreported.

The count through early this morning from 1,804 of the state's 1,329 precincts showed Barnett holding a 31,411-vote lead and 151,431 total to 147,995 for Gartin.

About the only thing people do on time is buy things.

## Group Wants Road Program Continued

WASHINGTON (AP) — The House Public Works Committee today called for continuation of the interstate highway program at a high-level rate of construction for the next 10 years.

In so doing, the committee left it up to Congress to find revenues to finance the program.

Today's action tossed back at the House Ways and Means Committee a revenue-slashing plan that would virtually halt the federal-state interstate network next year and slow it down thereafter.

President Eisenhower had asked for an increase of 1½ cents a gallon in the federal gasoline tax.

The Ways and Means Committee, which is charged with raising the necessary revenues, has turned down any tax increase and voted instead to tide the program over its current financial crisis through a special billion-dollar bond issue.

These bonds would be retired by diverting from general revenues one-fifth of the money now raised by the 10 per cent manufacturers excise tax on new automobiles.

The Public Works Committee, which fixes the rate of construction, rejected the Ways and Means Committee plan.

For the next five years, the public works plan proposes to keep construction going at the rate of \$2,200,000,000 a year.

LITTLE ROCK (AP)—An attorney for the Dollarway School District near Pine Bluff said today he will appeal a federal judge's decision to admit three Negroes to the district's all-white school.

Herschel Friday Little Rock attorney for Dollarway district, said there was a question about whether an injunction issued by U.S. District Judge Axel J. Beck last Tuesday was proper.

Friday referred to an injunction which was part of Beck's order. The injunction prohibited school officials from interfering with Negro plaintiffs' progress in integrating the school.

The attorney said he would file a motion to stay the decision, pending appeal, as soon as he could locate a federal judge to hear his motion.

Beck, of Elk Point, S.D., is assigned to the Dollarway integration case but was not available. U.S. District Judge J. Smith Hawley of Little Rock was presiding over a series of trials today and also was not readily available to hear Friday's motion.

The Dollarway school is scheduled to open Sept. 8.

## Cotton Men Still of State Lawmakers

LITTLE ROCK (AP)—A cotton official criticized today Arkansas congressmen there as being lukewarm on the issue of strong labor control legislation.

Kemper Bruton of Blytheville, vice president of the Arkansas-Missouri Cotton Ginners Assn., told a civic club the balance of power on a labor legislation measure now pending in Congress "apparently lies with three Arkansas representatives."

He said they were Reps. Dale Alford, Wilbur Mills and J. W. Trimble.

"Sen. John L. McClellan has done such a terrific job arousing the public of the need for strong labor legislation," Bruton said, "and now Arkansas finds itself with three representatives who have not committed themselves and have an attitude not leaning toward support of the legislation."

Bruton addressed the Little Rock Rotary Club. He also stressed the need for cotton growers to improve production and harvesting practices in order to send cotton to gins in the best possible condition.

He said negotiations on where Khrushchev will go and when are still proceeding through the Soviet Embassy here.

## Queen Elizabeth Expecting Again

LONDON (AP)—Queen Elizabeth II is going to have a baby early next year, it was officially announced today.

A Buckingham Palace spokesman gave the news to British and Commonwealth reporters this morning.

He said her pregnancy was not confirmed until this week.

The Queen has two children, Prince Charles, 10 and Princess Anne, 8.

The Queen left Thursday with Prince Philip and her children on her annual vacation at Balmoral Castle in Scotland. She returned Aug. 2 from her long Canadian-U.S. tour.

The Queen was smiling as she boarded the train and looked far from exhausted despite the rigors of her recent 45-day tour.

Happy Marriage Makes "Friends" Bare Fangs

Dear Dorothy Dix: I'm 19 and been blissfully married for three months to a wonderful guy. I've known since I was 14. He's in the marines and will leave for overseas duty in a few months. My friends are telling me that he'll find another woman over there, that everyone does. They try to tell me that he may even marry another woman, that once a man leaves his wife he quickly finds someone to take her place. I love Roger and trust him, but doubts are creeping in. I've always been the jealous type so I guess I'm not too difficult for these friends to convince me. The more I say, Roger wouldn't do these things, the more they snicker and say, "Wait and see." Dinah

Dear Dinah: Your "friends" are a malicious, vicious, crew of troublemakers. I bet they're a lot older than you, not to happily married, and as envious as the dickens over your good fortune. Realizing that you are a bit jealous they know exactly how to stir up trouble and are dishing their lies out in big dollops. Have none of it. You know Roger, you trust him, you know he'll come back faithful and true. Faith, you know, is a most essential ingredient in marriage as in everything else. Who are you going to believe? The husband you love or the scoundrelers who are trying to destroy your happiness? Are you going to help them achieve their nasty purpose or help Roger create a good marriage? You should be a little ashamed of yourself for listening to such

folk. It's true that some men do the things your friends suggest but the vast majority stays true and honorable. You must never doubt Roger. He is your ideal: keep him so and let him know it. Go out and get some friends worthy of the name.

Dear Dorothy Dix: It's always been my belief that when a man marries, his wife and children come first. That's not the case in our family. We have three daughters but my mother-in-law has first claim on her son's time. When I mentioned that I'd like a short vacation this year, my husband's reaction was, "Fine. Mother needs to get away for a while too. I'll phone and ask where she'd like to go." We have spent several vacations together but my mother-in-law has never been satisfied with any of them. P.N.

Dear P.N.: Hold out for a vacation without mother-in-law. Your husband still clings to the tradition of his upbringing that "mother comes first." You have to re-educate him to consider you first. Certainly the new attitude wouldn't include neglecting his

## Chisox, Orioles Go 18 Innings, Game Still Tied

By JACK HAND  
Associated Press Sports Writer

The Chicago White Sox and Baltimore Orioles are put in for overtime pay after struggling through 18 innings—the longest game of the season with nothing to show for their work except a 1-1 tie, stopped by the curfew law.

Baltimore has a special curfew that permits no inning to start after 11:59 Baltimore time. They were just getting into No. 12 at that time.

Hoyle Wilhelm, relieving Billy O'Dell in the ninth, pitched 2-3 hitless innings and wound up by allowing only two singles in a 10-inning workout.

Billy Pierce, Chicago's stylish left-hander, had the longest tour of duty of any major league pitcher this season when he worked the first 16 innings. Turk Lown came on to finish it.

Wilhelm was thrown out at the plate in the 15th, when the Orioles had three hits. The pitcher was trying to score from second on Billy Klaus' single to left.

Wilhelm's knuckleball got Baltimore in a jam in the 18th. A combination of a single by Sam Esposito, a passed ball, an intentional walk and another passed ball by catcher Joe Ginsberg on Wilhelm's knuckleball put men on second and third with two out. He worked his way out when Billy Gardner rared back from second base to take Al Smith's bloop in short right.

In the last of the 18th Willie Tasby singled with one out. He moved to second on an infield out, but Walt Dropo bounced out to the pitcher, ending the game.

The tie game cut Chicago's American League lead to 1½ games because Cleveland beat Washington 5-2 on Rocky Colavito's two-run homer in the seventh. It was No. 32 for the Rock, breaking a 2-2 tie and assuring Gary Bell of his 12th victory. Bell's double had given the Indians their first two runs off loser Russ Kemmerer.

Paul Foytack pitched his first shutout of the year, a three-hit 1-0 job against New York as Detroit clinched the season series.

## Willies Keeping Giants in Race for Pennant

Soon they'll be calling Billy Riganey a push button manager. The fellow who pushed the recall button that brought Willie McCovey back from Phoenix may have won the pennant for the San Francisco Giants.

The Willie firm—McCovey and Mays did it again Thursday. As a result the Giants are riding high with a full game lead on idle Los Angeles and a two-game edge on three from the Braves.

Just to prove the Giants do have somebody else besides McCovey and Mays in the lineup, Sad Sam Jones went all the way with an eight hitter for his 15th victory and shortstop Eddie Bressoud weighed in with a three-run homer in a 7-1 romp over the Braves.

In the last of the 18th Willie Tasby singled with one out. He moved to second on an infield out, but Walt Dropo bounced out to the pitcher, ending the game.

The tie game cut Chicago's American League lead to 1½ games because Cleveland beat Washington 5-2 on Rocky Colavito's two-run homer in the seventh. It was No. 32 for the Rock, breaking a 2-2 tie and assuring Gary Bell of his 12th victory. Bell's double had given the Indians their first two runs off loser Russ Kemmerer.

Paul Foytack pitched his first shutout of the year, a three-hit 1-0 job against New York as Detroit clinched the season series.

Harvey Haddix breezed along to his eighth victory while Smokey Burgess drove in six runs with five hits including a three-run homer and two doubles. Bill Virdon knocked in five with a three-run homer and a single and Bob Skinner had four singles.

Chicago finally snapped its seven-game losing streak with a two-run rally in the eighth that beat the Phillies 4-2. Ernie Banks double started the spurt. An error by Humberto Robinson, who was the loser on relief, a walk and Bobby Thomson's run-scoring single added up to two big runs. Don Ealston was chased in the eighth, won his sixth on relief.

## Rough Work Greets Stars at Little Rock

By WICK TEMPLE  
LITTLE ROCK (AP)—The sun was too hot for the stars yesterday.

The one hundred high school athletes who will compete next week in the state's all-star high school basketball and football games labored through their first workouts in near 100-degree temperatures.

West team halfback Jim Worthington of Prescott summed up the feelings of the All-Stars when he said, "Boy, it was terrible. . . I tried hard but . . . Wow!"

The weather bureau said the temperature was 96. East basketball Coach W. T. Watson of Warren said he measured 101 degrees in the gym where his boys worked out.

West football coach John Pierce trusted in from the two-day workouts slumped in a chair, and quickly called a meeting of his coaches.

"We're just going to have to cut down our practice schedule," he told his staff. "We were punishing the boys today instead of letting them enjoy it. We're going to have to let up on them."

Pierce from Hope High School sent his 33-man squad through a "blood alley" drill yesterday. One man carried the ball another tackled, and a third tried to tackle. Coaches could evaluate all three at the same time.

Neither Pierce nor Mike Malham of Catholic High, the East football coach, would name any outstanding players.

"We've got it organized where they're looking pretty good," Pierce said. "But as far as picking boys for the first team, we won't know that at least until Monday."

Malham said his East gridder would hold their first scrimmage between the two clubs. The Tigers have beaten the Yanks 12 times in 17 games. It was the 11th time the Yanks had been blanked. Art Dittmer gave up both Detroit homers by Red Wilson and Eddie Yost.

Boston had only four hits off Kansas City pitching but made them count for a 4-3 victory. Leo Kiecy pitched his way out of bases loaded jam in the ninth to save Jerry Casale's eighth triumph. Dick Williams and Bill Tuttle of the A's hit home runs.

## Little Loop Nine in Semifinals Tonight at 8

## Ingemar Says No Fight in September

PARIS (AP)—Ingemar Johansson is quoted in a Stockholm newspaper to the effect there will be no Sept. 22 rematch with Floyd Patterson for the world heavyweight boxing title.

Johansson, Bill Rosenzohn, promoter of the June 26 title scrap and Truman Gibson president of the National Boxing Enterprises Inc., are in Paris. Only Gibson could be reached, and he denied his presence in the city had anything to do with fighting.

Back in New York the district attorney's office continued its investigation of the promotion of the Johansson-Patterson June fight by questioning Charley Black pal of Gus D'Amato, manager of Patterson.

## Cotton Belt Wants to Drop 2 Daily Trains

PARAGOULD, Ark. (AP)—Attorneys for railroad unions and several cities cross-examined St. Louis Southwestern (Cotton Belt) Railroad witnesses here today at an Interstate Commerce Commission hearing on a petition to drop two passenger trains.

Examiner Lester Conley is hearing testimony on a Cotton Belt request to abandon passenger service by cutting its two daily trains between Pine Bluff, Ark., and St. Louis, Mo.

The railroad asked to drop the trains July 1, but the ICC ordered it to continue service pending investigation.

Company witnesses yesterday included A. B. Cramer, Tyler Tex., assistant to the general manager; A. E. Durocher, assistant general auditor, and Paul M. Burnett, in charge of public relations and passenger service.

Cramer said paying passenger fares decreased 47 per cent in 1958 and in the first three months of this year fares were 55 per cent below 1957.

The railroad contends its losses on operation of the trains were more than \$12,000 in 1957 and nearly \$62,000 in 1958.

The Cotton Belt claims there is ample alternate transportation available by rail, highway and air to serve the area.

The more than 50 persons at the hearing yesterday included representatives of the Cotton Belt, railroad unions, various cities and the Missouri Public Service Commission. Cities represented included Fort Smith, Ark., East St. Louis, Ill., and Brinkley, Ark.

The trains involved run from Pine Bluff to East St. Louis, with passengers transported by bus to intermediate points in Illinois, Missouri and Arkansas.

## Export Possibility Steadies Market

CHICAGO (AP)—The possibility of a good export business soon will be a steady influence in wheat futures prices most of the time today on the Board of Trade, although prices ranged both above and below previous closes.

Other grains except oats generally were weak in slow trading with commercial demand light. Corn, rye and soybeans were off a cent or more a bushel at times.

Dealers said there appeared to be a little more confidence in short selling since the outlook for the improved crops and soybeans had been improved by recent rainfall.

Grain receipts were estimated at: wheat 15 cars, corn 9, oats 20, rye 12, barley 18 and soybeans none.

## Talks Against Soviet Premier Are Softened

WASHINGTON (AP)—High government officials appeared today to have adopted a policy line of avoiding harsh statements about Soviet Premier Nikita Khrushchev.

It is obviously an effort to create a favorable climate, insofar as possible, for Khrushchev's visit here next month. Along that same line was the plea by Vice President Richard M. Nixon, on his return from the Soviet Union that Khrushchev be given a courteous reception here.

There has been no indication whether the White House has passed any word, informal or otherwise, for politeness in remarks. But the pulling back from criticism sticks out in what has happened to some speeches prepared before the latest whirl of international diplomacy brought plans for an exchange of visits by Khrushchev and President Eisenhower.

One demonstration was an address by Secretary of the Army Wilber M. Brucker. Brucker dropped out some sharp words about Khrushchev that were in a prepared text circulated to newsmen in advance.

Lt. Gen. Arthur G. Trudeau made a change in the text of an address prepared for delivery at St. Louis, Mo.

Trudeau, chief of research and development, requested deletion of a section in the prepared text quoting Khrushchev as saying last year: "Of course, we must recognize that we cannot co-exist externally. One of us must go to the grave. We do not want to go to the grave. They (the West) do not want to go to their graves, either. So what must be done? We must push them to their graves."

In the case of Brucker, reporters were told before the Army secretary spoke that he would stand by his prepared remarks but would make some changes as he went along.

In reply to a question, a Pentagon spokesman said that portions of the Brucker prepared text dealing with international relations had been checked with the State Department before distribution of the text.

The speech had been prepared perhaps as long as a week ago. That was in advance of the announcement of the upcoming U.S. visit by Khrushchev and the related effort to build a climate for a polite reception.

## Police Pay for Polio Treatments

NORTH LITTLE ROCK (AP)—Some polio patients can thank three North Little Rock youngsters for physical therapy treatments.

Sherry Petray, 12, and John, 11, and JJ Ann Hickey 10 raised \$6.52 at a soda pop and cookie party last week. They offered the money in nickels and dimes, to the mother of two polio-stricken children in their neighborhood.

The mother thanked the children, but suggested the money be turned over to the National Foundation. Mrs. Evelyn R. Canada, the Pulaski County chapter's executive secretary, commended the youngsters.

"It's enough for two physical therapy treatments," she said. Pulaski County is one of the Arkansas counties where the Foundation plans special drives to supplement funds depleted by this summer's polio epidemic.

address to the Assn. of the U. S. Army. Brucker struck at Khrushchev for "Cruel Soviet Union."

That was cut out in delivery along with passages warning that increasing Soviet missile power promises "increasing boldness" and a continuation of a Soviet aim to reduce all nations to "a state of vassalage."

In place of such comments, Brucker spoke of the friendly reception the Russian people gave Vice President Richard M. Nixon. He said that "promises a better era of understanding."

The yearly fall of snow for Arkansas is 5.6 inches. At the Ozark towns the figure is 14.0 inches.

Since its establishment in 1879, the University of medicine has been located in Little Rock, Ark.

THESE BIG CHEVY VIRTUES!

**bigger brakes**  
Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NASCAR-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

**award-winning engines**  
The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines... for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

**full coil ride**  
You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: "... the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

**fresh styling**

**higher trade-in**  
N.A.D.A.\* Guide Books prove that your Chevrolet will keep its value. Chevy used car prices last year, for example, averaged up to \$128 higher than comparable models of the other two cars in Chevrolet's field.

**POPULAR SCIENCE magazine**  
gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevrolet establishes a new high in daring styling..." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.
